Liz and Cindy,

When I submitted the mileage claim for NCOA-Chico to you I based the the reimbursement on a 50.5 cents per mile rate. Apparently that was the IRS rate from Jan. 1 '08 - June 30, '08. The IRS rate from July 1, '08 - Dec. 31, '08 was 58.5 cents per mile.

Based on the miles driven for the regular season difference @ 7 cents per mile is \$1,039.52. The difference for playoffs @ 7 cents per mile is \$187.20. The Total difference is \$1,226.72.

I apologize for the mistake I made. In any event the officials are owed what the IRS rate was at the time they drove. Please send me a check for \$1,226.72 so that I can provide the officials the money they are owed by contract.

Thanks and again, I apologize.

Bob
