D. Football Playoff Dates **m/s/failed**

Aye – 1

Nay – Everyone else

§ Dates are for the 2010-2011 school year

§ Oroville concerned about the lack of time and discussion

§ It was considered to table the item until schools have opportunity to explore this issue more completely

§ Sacramento Valley League, Shasta Cascade League, Butte Valley League, Tri Cities League, all unanimous no

§ Mark Cooley – Football Committee

Why ask basketball committee?

Why football not allowed to align with the state playoffs?

§ Sac-Joaquin Section has moved their start date to align with the Northern Section

§ Majority of schools in our section are small, moving would impact winter sports

§ Mountain schools would be in severe weather and they are not in favor of moving the dates

§ Section champions have no guarantee of being in the bowl game

§ Cross Country in not aligned with the State schedule to allow for athletes to move into their winter sports

§ Football is not a legitimate State Championship, it is a Bowl Game created to raise money, the team is “selected”

§

E. Bylaw 301.2 D **1<sup>st</sup> Reading**  
Once athlete has played in a *league contest*, the athlete must stay there.

In practice the NSCIF has been using - Once *league starts*, if an athlete moves up a classification they must stay there.

Liberty asks why the athlete can not move up and back down?

## Action Item A

### Bylaw 301.2 D

**Issue-** After the discussion at the Board of Manager, it appears that there was not much support for changing the language. The Board seemed to favor changing the interpretation as written.

### **Current language of Bylaw 301.2 D**

A student may participate in a non-league interscholastic contest in an advanced class and may return to the lower class for League competition during that season of sport providing they do not violate any CIF or NSCIF Bylaws including, but not limited to: age limitations, maximum number of contests, and/or representing his/her school in but one classification per sport per day. *A student, who participates on an advanced team in a League contest, may not return to a lower classification during that season of the sport.*

**Exceptions:** Skiing and Snowboarding, Track and Field (see note), and Wrestling. In the California Conference, JV players may participate at the varsity level when an opposing school does not field a JV team. They may return the following game as an eligible player at the JV level.

*Exception: J.V. football players may participate at the varsity level when an opposing school does not field a J.V. team. They may return the following week as an eligible player at the junior varsity level. All of Article 19 including 1900.1 Age Requirement must be complied with.*

NOTE: In the sport of Track and Field, a boy or girl may change classification until the League final meet. The classifications in the League final meet for Track and Field determines the classification for all Section meets.

### **Recommend language clean-up-**

**Exceptions-** 1) In the sports of skiing and snowboarding, track and field, and wrestling an athlete may change classification until the league final meet or contest. The classification in the league's final meet or contest determines classification for all Section meets.

2) J.V. football players may participate at the varsity level when an opposing school does not field a J.V. team. They may return the following week as an eligible player at the junior varsity level. All of Article 19 including 1900.1 Age Requirement must be complied with.

3) In the California Conference, JV players may participate at the varsity level when an opposing school does not field a JV team. They may return the following game as an eligible player at the JV level.

**Discussion-** Once league begins, should an athlete be able to move up to the varsity for non –league games and return to the lower level for league contests?

**Recommendation-**We need to decide what the intent of the rule was and currently is, then either change the language or correct the interpretation.

## Action Item B

### Length of Seasons

Issue- We discussed at the last Executive Committee meeting looking at the length of each sport season. Con. dur. refers to the duration of the season from the first contest to the last contest. Chap. Dur. refers to the duration from the first contest to the Section championship. TO refers to the total length of the season from the first contest to the State championship, if the sport has a State championship, if not then to the Section championship.

The numbers in the chart refer to the week number the season begins and ends.

Sport	1 <sup>st</sup> pra	1 <sup>st</sup> cont	Last cont	Con. Dur	NSCIF STAR	CHAMP FINISH	Chap. Dur	STA start	TE fiin	TO
baseball		33	44	12	44	45	13			13
basketball		22	33	12	34	35	14	36	38	17
Cross Coun		8	19	12	19		12	21		14
Football	6	8	18	11	19	21	14			14
Field Hock		8	16	9	16		9			
Girls Golf		9	17	9	18		10	19	20	12
Boys Golf		34	43	10	45		12	46	49	15
SC fall		8	19	12			12			
SC winter		21	32	12	33	34	14			
SC Spring		32	45	14			14			
Softball		33	44	12	45		13			
Swimming		9	16	8	17		9			
GirlsTennis		8	15	8	17		10	20		13
Boys Tenni		34	44	11	45		12	46		13
Div. III		34	45	12						
Track		32	45	14	46	47	16	18		17
Volleyball		8	18	11	19	20	13	21	22	15
Wrestling		22	32	11	33	34	13	35		14

Discussion- Volleyball will probably be bringing a request forward to start the season one week earlier. There is the possible Title IX violation with girls and boys tennis. Soccer is interesting when it appears that spring soccer is two weeks longer than the other two seasons of soccer.

Recommendation- For gender equity, the seasons in the same sport should be the same number of weeks in duration. No other recommendation at this time.

Action Item C

Awards Per Game

Issue- At the last Executive Committee, we discussed taking the cost of Section awards out of the playoff income prior to distributing money back to the schools. What Cindy and I have done, is take the cost of the awards and divide it by the total number of contests for football, basketball and volleyball.

**Awards and Patches for Playoffs**

	VB	FB	GBK	BBK
Awards	682	896	682	682
Patches	124	347	124	124
<b>Total</b>	<b>806</b>	<b>1243</b>	<b>806</b>	<b>806</b>
Number of Games	33	28	44	46

Discussion- This would divide the cost between all contestants and not just the finalists. Some schools will not be able to cover the total expenses of the game and the Section would continue to absorb the cost.

Recommendation – Deduct the cost of awards out of every game prior to distributing money back to the schools.

Action Item D

H1N1

Issue- When is it appropriate to postpone a Section playoff game because a school requests it due to an outbreak of the flu?

Discussion- If an administrator request a postponement, do we allow it if time allows before the next round? Delay the Section playoffs, if there are no State playoffs? Is there a certain percentage of athletes that need to be sick? Starting setter, quarterback, point guard or pitcher?

Recommendation- Some guidelines need to be developed to determine when requests are granted.

## Action Item E

### County Superintendent Passes

Background Information-I was asked by a member school Superintendent, to mail a Superintendent pass to a County Superintendent. The Northern Section has not done this in the past. Last year, I believe the Superintendent in question gave the County Superintendent one of his districts' Board/Sup passes and then requested an additional pass because they were one short.

Discussion- Would a County Superintendent help out if there was a supervision issue at a game they were watching? Does the work County Sups. perform warrant a pass? The goodwill that is achieved by giving them a pass off set by the loss of revenue to the schools and Section?

Recommendation- None at this time.

## Action Item F.1

### Lightening

Issue- It has been recommended that the Northern Section develop guidelines for the event of lightening during games. The following pages are information from the NFHS.

Discussion – Is it appropriate just to adopt the NFHS Guidelines?

Recommendation – None at this time.
