

## Action L 8 Man Football Representation

### Issue-

The 8 man football league would like to know if they have the right to two votes at the Board of Managers.

### Background Information-

Five Evergreen League teams play 8 man football. Tulelake plays 11 man football. Four teams in the Pioneer League Mountain division play 8 man football. Three teams do not play football. Three teams in the Pioneer League Valley division play football. Three teams do not play football.

### Discussion-

The Evergreen and two divisions of the Pioneer League should represent the 8 man football interests.

Does each sport league need a vote?

Would this swing the voting power more towards the California leagues?

Am I missing something?

Recommendation- The 8 man league's point of view, positions and voting priority should be represented by the Evergreen and Pioneer Leagues vote.

## Change of Playoff Dates

Issue- The 8 man football league would like to start playoffs a week earlier and finish the Friday prior to Thanksgiving.

Background Information- The League would like to move up the playoffs, but they want to maintain the practice and game starting dates. This would mean they have 10 weeks to play 10 games.

Many schools are taking the Thanksgiving week off, thus creating a hardship to put on a Championship game.

### Discussion-

Does 8 man football have the right to establish their own playoff guidelines?

Should they go through the football committee?

Do we want to make changes in a non-guideline revision year?

Recommendation- Refer this to the football committee and wait for the next guideline revision.
