B. Jerry Clark said he will write up bylaws and schedule/ playoffs, with eight teams in the eight man league, and that it would consist of a North and a South.

3. Discussed our guidelines of "A Team May Be Adjusted Based On Head to Head competition." The decision was made to leave as is.

4. Discussed the concept of a "Dead Period" prior to the start of fall sports. That no coach or person involved with a sport could be with their players 14 days prior to the start date. This included weight training, or any other contact, a player however could go to an individual camp if they so choose.
