Dear Fellow Athletic Directors and Administrators:

Welcome back to school and the start of another year of athletics in the Northern Section. I am in my second year as President of your association and look forward to serving you this year.

I would like to take a moment to invite you (and strongly urge you) to attend N.S.A.D.A. conference in Redding on Tuesday, November 17, 2009. As athletic directors and administrators, we are all responsible for the well being of the sports programs and athletes at our schools and in our section. Due to the current economic situation of our state and the manner in which it has affected our schools, all of us are dealing with difficult budget issues and will be forced to make some very difficult decisions. Most of us are also putting in more time in order to cover for the short comings of staff not hired back or replaced due to lay-offs or retirements. In other words, we are doing more with even less.

Therefore, it is more important now, than ever before, that we set aside one day a year so we can all get together to share information, discuss issues, learn about the latest policy changes and just touch base with each other. Some of this year's policy changes are quite subtle and can easily be overlooked unless you are informed. This year's conference will include informational presentations regarding such issues from the state as well as the most common athletic eligibility issues regarding transfers. The up-dated versions of the 207/510 forms will also be reviewed. Each conference will have some time, although limited, to meet and discuss pertinent issues and/or set up future meeting times. Bring your calendars so you can plan accordingly. Finally, as always, our vendors will be there to talk with you about your future needs for your athletic programs and how they can best accommodate these needs. Our vendors, year in and year out, do a wonderful job supporting our conference and our section.

Since many of us have cut back on traveling to the state conference, this may be the only time this year we all get a chance to meet as a group and represent our schools. I am hoping to see you there on the 17th of November for an informative and energizing athletic directors' conference.

Respectfully,

Troy Wellington
